- For personnel who are not working from home:
 - Direct all workers not to come to work if sick or exhibiting symptoms of COVID-19.
 - Ask all personnel if they have COVID-19 symptoms at the beginning of each shift, and screen all other people before they enter the facility or worksite. Send personnel home if they report COVID-19 symptoms. (*Note, temperature screenings with thermometer or thermal scanner are not required, and can increase COVID-19 risk if many employees convene in the same place for temperature screening.)
 - Require all persons, except those exempted from face covering requirements, to properly wear face coverings at all times in accordance with the California Department of Public Health's mandatory Guidance for the Use of Face Coverings and the Health Officer's Order. Exemptions to the face coverings requirement include very young children, people for whom face coverings are medically inadvisable, or for communication by or with people who are hearing impaired.
- Optional—Describe other measures:

Handwashing and Hand-Sanitizing Protocols:

- Encourage frequent handwashing or use of hand sanitizer and provide frequent breaks for handwashing.

- Handwashing and other sanitary facilities are operational and stocked at all times.
- Optional—Describe other measures:

- Optional—Describe other measures:

Measures to Maintain Social Distancing:

REVISED Social Distancing Protocol
COVID-19 Site-Specific Protection Plan

- Separate order areas from delivery areas to prevent customers from gathering.
- Minimize any in-person meetings and adjust those that are necessary to ensure adequate social distancing.
- Stagger personnel breaks, in compliance with wage and hour regulations, to reduce the number of workers taking breaks together.
- Where possible, create outdoor break areas with shade covers as a substitute for indoor break areas. Encourage staff to eat their meals and take their breaks socially distanced outdoors when conditions allow.
- Limit access to or close indoor break rooms to encourage use of outdoor break areas and prevent crowding. Discourage or prohibit eating or drinking in small, enclosed break rooms if less risky alternative areas exist for staff to take their meals (such as outdoors or socially distanced at individual workstations).
- Require workers to maintain 6-foot social distance at all times while on breaks, and preferably more distance if eating or drinking. Reconfigure break areas to facilitate social distancing.
- Maximize the use of outdoor space for interactions or transactions with customers to minimize the time that customers and personnel are indoors, particularly when in close proximity to one another.
